LONG-LIFE-PROFILE

**A Premium Screeding Level,
that has never existed before.**

**2,5x longer
lifetime**

**30 years
tightness guarantee**

A very high reading exactness and speed was one of the most important criteria for our x-tools screeding level.

We succeeded in developing a bubble, with which we meet all these demands.

An extra big bubble, 2 steel rings and green colored edges with a sharp contour for 2% gradient.

The newly developed design of the profile extends the lifetime significantly, without increasing the weight of the screeding level.

The end caps have an equal distance to the edge, so there is no additional material left when pulling off the screed. A good workflow is guaranteed.

**Also with bad light you can read exactly,
because of fluorescent luminosity.**

height 80 mm, width 18 mm

Item	length	weight
2510-100	100 cm	0,74 kg
2510-150	150 cm	1,10 kg
2510-200	200 cm	1,48 kg
2510-250	250 cm	1,82 kg
2510-300	300 cm	2,18 kg

height 100 mm, width 18 mm

Item	length	weight
2515-100	100 cm	0,88 kg
2515-150	150 cm	1,28 kg
2515-200	200 cm	1,70 kg
2515-250	250 cm	2,14 kg
2515-300	300 cm	2,59 kg

Development from the component parts to the screeding level:
